

# FDX 7050 L

Product code: 265407301

## Forming oil

This product is an ester-based product with E.P. properties specially formulated for severe forming operations such as pipe head expansion, deep drawing and cold forming. It has a good water wash off and contains polar compounds to achieve most effective operations and better productivity.

## Benefits & Advantages

- No contact between die and piece
- Easy to apply
- Minimal wear and tool failure
- Better piece finishing
- Easy washable

## Typical Performance Data

Typical	Value
Appearance	Oily liquid
Density @ 20 °C, gr/cm <sup>3</sup>	0.96
Viscosity @ 40 °C, cSt	440-470
Flash point, °C	195
4-ball wear test 30 min/100 kg, mm	1
Water wash-out, 10%	pass

All performance data on this Technical Data Sheet are indicative only and can vary during production.
