

# FOODMAX CP 15

Product code: 264500101

## Synthetic lubricant for cardboard cutting knives

Foodmax CP 15 is a biodegradable food grade synthetic cutting oil to lubricate corrugating rolls and cutting systems in the corrugated paper and cardboards industry.

It has starch dissolving capabilities in order to avoid build up in the cutters and knives, very good surface wetting properties and excellent lubrication characteristics.

## Applications

This product is highly recommended for the lubrication of cutters, disc-cutting systems and to preserve and clean corrugated rolls.

## Benefits & Advantages

- Biodegradable
- Food grade
- Longer life of cutting discs and blades
- Friction reduction
- Good surface wetting properties
- Excellent lubrication and cleaning properties

## Typical Performance Data

Typical	Test Method	Value
Density @ 20 °C, gr/ml		0.94
Viscosity @ 40 °C, cSt		15-17
Viscosity Index		132
Flash point, °C		240
Pour point, °C		-12
Biodegradability OECD 301B, %		95
NSF approval		154446
Kosher		yes
Halal		yes
