

# FOODMAX GREASE SI 3

Product code: 263702601

## Food grade silicone grease

Foodmax Grease SI 3 is part of a range of adherent silicone-based greases for the lubrication of valves and taps, available in different grades for several applications.

## Foodmax Grease SI 2, 3

- Designed to lubricate and seal upper ball joints of taps
- Excellent chemical-thermal resistance
- Contains PTFE
- Approved by Krupp Cranes for telescopic boom lubrication
- Approved by TZW Germany for direct contact with drinking water
- Can be used as electrical filling compound thanks to high dielectric strength.

## Compatibility with elastomers

Foodmax Grease SI series are compatible with all standard elastomers (including EPDM), except for (partially) silicon-based elastomers.

## Typical Performance Data

Property	Test Method	Value
Colour		Translucent white
Thickener		Inorganic
Base oil type		Silicone
NLGI class		3
Dropping point, °C		None
Service temperatures, °C		-35 – 200
NSF Registration (H1)		140107
Kosher approval		Yes
Halal approval		Yes

All performance data on this Technical Data Sheet are indicative only and can vary during production.
